John,

I ran across an old email that you sent on October 14, 2000 offering information and photos of my grandaunt Artiemesia Louise Shryock Shanklin.

I am currently working on the children of Woodford County shryock and have some information regarding Artiemesia, but as you can see by the attached file, I don't know much about her or her family.

Any thing that you could provide would be helpful

Thanks,

--
